

9TH ANNUAL ***Festival on the Green***

SUNDAY, SEPTEMBER 23
NOON - 5:00 PM
E. O. SMITH HIGH SCHOOL

KEEP IT GREEN!

Our goal is to recycle or compost 90%
of the waste generated at the
Festival on the Green!

How can you help?

- ◆ Plan a low- or no-waste activity ◆
- ◆ Use recyclable or compostable materials ◆
- ◆ Sort your trash properly ◆

At the ***Festival***, you will see waste stations
with separate containers for:

- ◆ Cans & Bottles
 - Aluminum foil & cans; glass bottles; & plastic containers
- ◆ Compost
 - Food scraps; paper plates & bowls;
 - Corn-based spoons, forks, & cups
- ◆ Other trash
 - Plastic chip bags, straws, & wrappers
- ◆ Returnable bottle case
 - Hosmer Mountain Soda bottles

Our Food Vendors help, too! Food vendors at the ***Festival*** help us "Keep It Green" by using compostable plates, bowls, cups, forks, and spoons. Through a generous donation from **Willimantic Waste Paper, Inc.**, we are able to provide these materials.

For more info on the low-waste efforts at the ***Festival on the Green***, please contact
the Town's Recycling Coordinator: 860.429.3333 or the Mansfield Downtown Partnership: 860.429.2740.
